Question

Can AZ8305 measure the salinity solution which is not for seawater?

Reply:

The salinity value AZ8305 is converting base on NaCL calculation formula, not seawater calculation formula.

Please feel free to download the user manual from below link for more information regards to the converting factor.

<https://www.az-instrument.com.tw/en/product-616492/Cond-TDS-Salinity-Meter-8305-AZ.html>

For Seawater salinity measurement, please refer to model #86031 #86021 #84051
